\*\* Fredericksville Parish was established in 1742 and covered part of Louisa County from 1742 to 1757. From 1757 to 1845 it covered part of Albemarle and Louisa counties. After 1845 the parish covered only part of Albemarle County.

Originally the parish vestry dealt with land processioning, care of the poor, apprenticeships and guardianships of orphans, levying of taxes, and other civil matters, as well as those relating to the running of the parish. Around 1785 the counties set up civil agencies to take over many of these functions.
