Michael Gladman's Patent for "Harkel Pool".
Border between Carroll and Baltimore Counties

Comments

- Thomas apparently had no wife or children as his will lists Rachel, brothers John and Michael, and nieces and nephews Michel son of John, William Mattocks Jr son of Rebecca, father Michael Gladman

- Michael's will was signed 21 May 1782 and probated 1789. He served in the military on 22 Jul 1776 enlisted by Richard Talbott.
- The family of Michael Sr is well defined by documents so it is assumed the other Gladman;s are desended from John.
- My guess is that Rachel Gladman who married Elisha Stockstill is a daughter of John. The Rachel Gladman **b.** 1744 is I believe too old. John had a large female population in his household in 1783. We also have wills from Thomas that make it clear he had no children and Michaels's will identifying his children. The babtism records identify Micharel Sr's children plus their are no land records for a Gladman who might be Rachel's father.

Property

- Michael Sr bought Patent for "Harkel Pool" and Michael Jr added to it with Patent for "Stockten addition" He also added "Gilcrest Discovery. The **1798 Property Assessment** described the buuildings a hewed log dwelling 1 and 1/2 story 22x11 with an log stable 1 story 20x18 This land passed to Michael Jr's son Thomas Sr and Thomas Sr to his son Thonas Jr
